EXPERIENCE

Freelance Filmmaker at FilmManiacos (2016-2022)

I founded FilmManiacos, my very own video production company. FilmManiacos is dedicated to creating videos for various purposes, including short films, courses, movies, and corporate projects.

Within the company, I held multiple roles, including director, director of photography, and video editor.

On top of that, I also developed and launched my own educational course while juggling teaching and hands-on work in the industry.

IT Helpdesk – AT Spacelink Courses (2012-2016)

As a tech professional at Spacelink Courses, I provided consulting services, conducted problem analysis, and delivered effective solutions. I also led a team of technical professionals and teachers, ensuring efficient lessons. Additionally, I managed school relations, social media, and journalistic tasks.

Senior IT Support Analyst – AT Petrobras S.A (2010-2012)

As a Senior IT Support Analyst at Petrobras, I provided comprehensive technical support, resolved complex computer system issues, and implemented innovative technologies. I also mentored and trained junior team members to enhance their skills and performance.

EDUCATION

FULL STACK DEVELOPMENT – BOOTCAMP 2023
Le Wagon Brazil
Successfully graduated from Le Wagon Brazil's Full Stack Development Bootcamp in 2023, a renowned program in web development education.

BSC IN COMPUTING SCIENCE LV 7 / 2021
Dorset College Dublin
The BSc in Science in Computing prepared me with specialized knowledge and skills to meet the future needs of the ICT industry. The course provided a solid technical foundation in software development, cybersecurity, and computer networks.

UNDERGRADUATE EDUCATION – 2014
Estácio De Sá
Studied software development and computer networks, gaining valuable knowledge and skills. Although the full course was not completed, I possess a strong foundation in these areas.
